SAIGON WICKER

Designed with Quality - Delivered with Value

INDOOR & OUTDOOR FURNITURE MANUFACTURER | HIGH-END PROJECT CONSULTING & PRODUCING

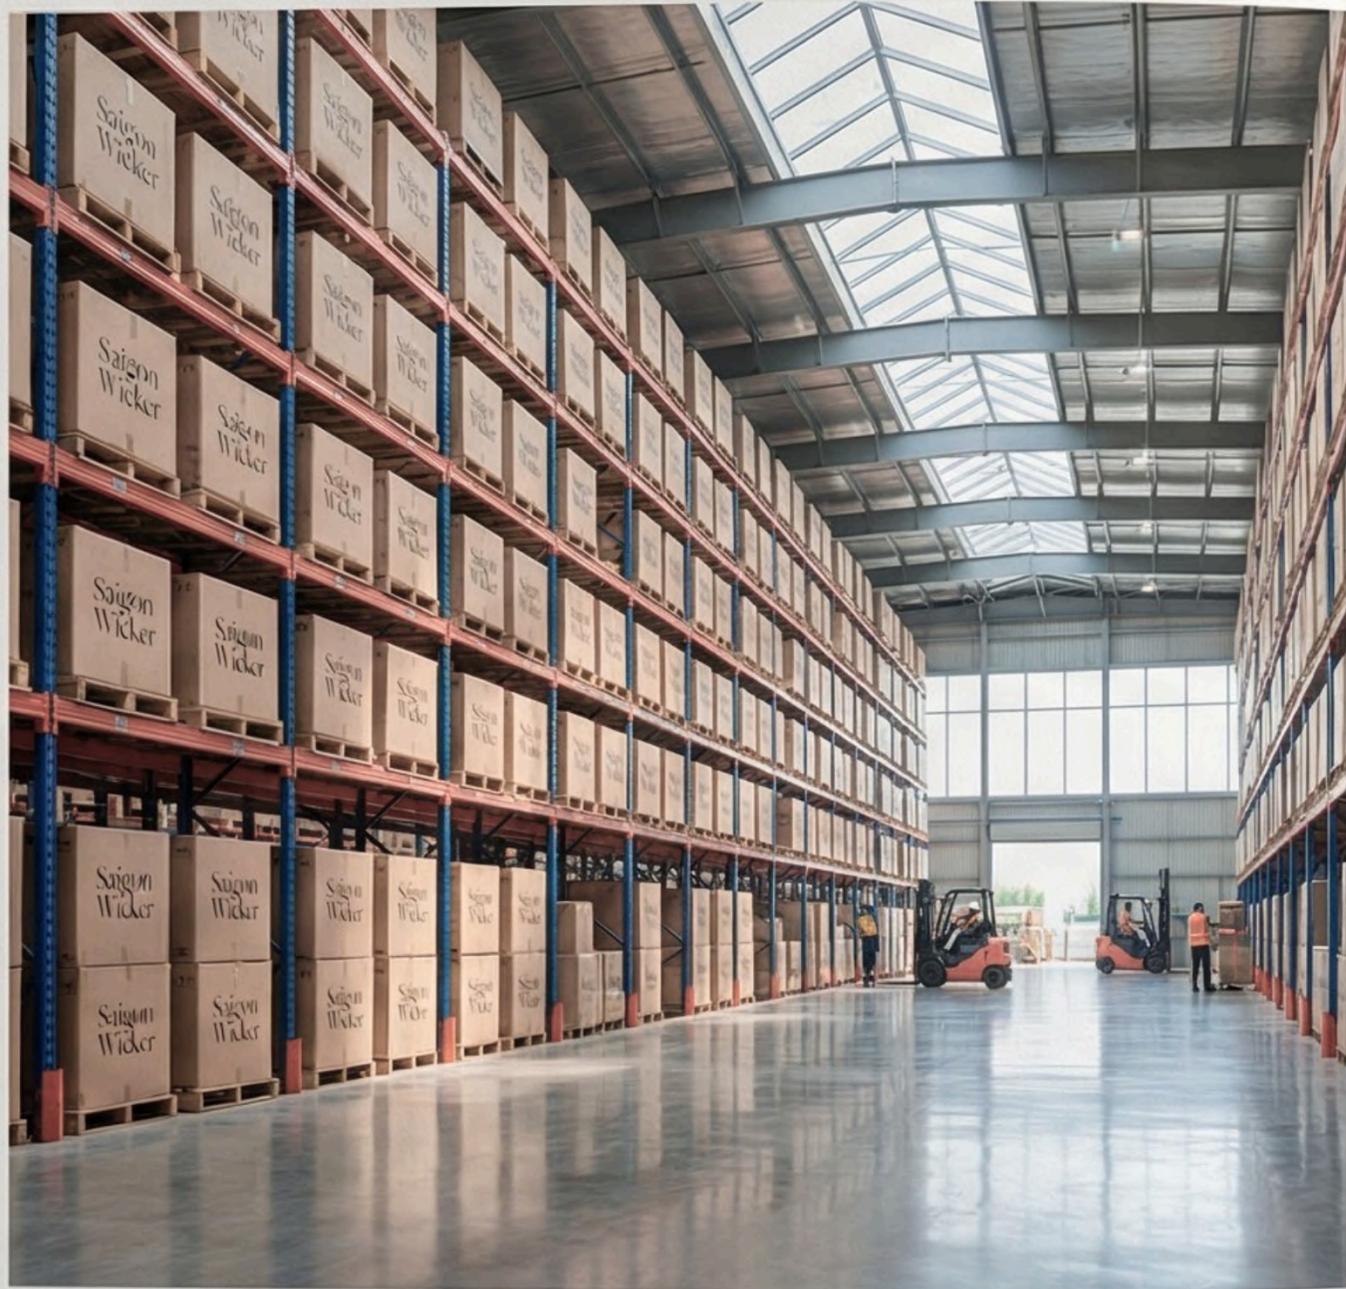

HERITAGE MEETS INNOVATION

Founded in 2020, Saigon Wicker builds on over 14 years of manufacturing excellence from our parent company - Ngoc Phuc Cushion Company. We began as a specialist in premium outdoor furniture, serving clients across global markets with exceptional craftsmanship and quality.

Building on this foundation, we launched SGW Premium to bring our expertise into indoor furniture sector. This expansion represents our commitment to thoughtful design and high-quality materials, allowing us to partner with top international brands and high-end residential projects seeking furniture that combines timeless elegance with uncompromising quality.

Global Standards, Saigon Wicker Warehouse.

QUALITY YOU CAN TRUST

We meet international standards through certifications including BSCI, FSC, SMETA, OEKO-TEX, ensuring responsible sourcing and ethical production practices. Our manufacturing combines modern efficiency with skilled craftsmanship, giving us the flexibility to handle both large-scale orders and custom projects.

As your manufacturing partner, we focus on three essentials: consistent quality across every order, responsive communication throughout the process, and reliable delivery timelines. Our partnership is built on transparency and accountability.
